

I am writing this in regards to K-love Radio - we have been informed you are thinking of making changes that would not allow me to receive this radio station anymore - I believe it would be a grave error in your part. This radio station delivers a very positive and uplifting message and music and in this day and age I believe we need this more than ever before. If you could just hear the testimonies of the people that it has helped and saved from bad situations I believe you would not even think about doing this. We have a great deal of young and old listening to this wonderful uplifting message that K-love supplies and I would not want to be without it. I listen to it all day long at work and it helps me get through each and every day. Please don't make the changes that would not allow us to receive K-Love.

Thank You,

Sincerely,

Sue Buscaglio
